

## **Compliance with RoHS 3 (EU Directive 2015/863)**

In accordance with the RoHS 3 Directive, the following are the specific materials that are banned, with few exemptions, from all new electrical and electronic equipment (EEE):

Lead  
Mercury  
Cadmium  
Hexavalent Chromium  
Polybrominated Biphenyls (PBB)  
Polybrominated Diphenyl Ethers (PBDE)  
Bis(2-Ethylhexyl) phthalate (DEHP)  
Benzyl butyl phthalate (BBP)  
Dibutyl phthalate (DBP)  
Diisobutyl phthalate (DIBP)

All products of Climax Metal Products Company are manufactured within the limits of this directive, with the exception(s) listed below.

The steel used in our products either contains no banned materials or is allowable under Exemption 6 of the EU Directive.

The Aluminum used in our products contains no materials banned by the EU Directive.

Flexible couplings provided by Climax Metal Products Company are out of compliance with the RoHS 3 directive. The rubber used in the flexible coupling contains Bis(2-Ethylhexyl) phthalate (DEHP).

Climax Metal Products Company will continue to review its regulatory compliances and update appropriate documentation as necessary.

Feel free to contact us if you have any further questions.
